

ILLINOIS QUALIFYING MEDICAL CONDITIONS

- Agitation of Alzheimer's disease
- HIV/AIDS
- Amyotrophic Lateral Sclerosis (ALS)
- Arnold-Chiari Malformation
- Cancer
- Causalgia
- Chronic Inflammatory Demyelinating Polyneuropathy
- Crohn's disease
- CRPS (complex regional pain syndrome Type II)
- Dystonia
- Fibrous Dysplasia
- Glaucoma
- Hepatitis C
- Hydrocephalus
- Hydromyelia
- Interstitial cystitis
- Lupus
- Multiple Sclerosis
- Muscular Dystrophy
- Myasthenia Gravis
- Myoclonus
- Nail-patella Syndrome
- Neurofibromatosis
- Parkinson's disease
- Post Concussion Syndrome (PSC)
- Post-Traumatic Stress Disorder (PTSD)
- Reflex Sympathetic Dystrophy (RSD)
- Residual Limb Pain
- Rheumatoid Arthritis
- Seizures (including those characteristic of Epilepsy)
- Severe Fibromyalgia
- Sjogren's Syndrome
- Spinal Cord Disease: pending MRI report
 - Including but not limited to arachnoiditis, herniation, stenosis, fusion surgery
- Spinal Cord Injury: pending MRI report
 - Damage to the nervous tissue of the spinal cord with objective neurological indication of intractable spasticity
- Spinocerebellar Ataxia
- Syringomyelia
- Tarlov Cysts
- Tourette Syndrome
- Traumatic Brain Injury
- Wasting Syndrome or Cachexia
